We wish to thank Mr. Forgue, Mr. Mason, and Mr. Reynolds for their valued contributions to the Tech Tiger.

In Memoriam

Mr. Duffin

It is both fitting and proper that this year's Tech Tiger should devote time and space to offer a memorial testimony to one of its most outstanding teachers, the late Orley L. Duffin.

"Duff," as he was called by his colleagues, was born December 8, 1904, and reared in the farmland district of Whitewater, Wisconsin. Daily chores and tests of ingenuity endowed him with personal characteristics so valuable in later life.

Destiny did not decree that Orley, in manhood, would become a Wisconsin grain and dairy farmer but rather a teacher of young men.

His trail started at the Stout Institute of Practical Arts. Upon graduation, Kansas State University offered him his first teaching assignment. At this institution he met Miss Ona Knight who, later, was to become his wife.

In 1931 the trail wends eastward toward New England as the City of Springfield, in dire need of practical art teachers, offers "Duff" a contract. After substituting for a short period in several schools, he was permanently assigned to Van Sickel Jr. High.

In 1933 he was transferred to the High School of Commerce where he established a course in practical arts and applied subjects.

In 1937 the trail is brightened for us as Orley Duffin is assigned by the school department to teach drafting at Technical. The pulse of the drawing department is enlivened by his presence. His energy carries him to all the shop classes as he assists in producing blueprints, models, and engineering sketches for its many students and teachers as well as outlines and programs for building renovations.

In 1948 "Duff" was named chairman of the Mechanical Drawing unit. In this capacity new outlines for courses of study in the subject were innovated. Drawing teachers new to Tech met a friendly supervisor who would struggle continuously to make their path easier even at the sacrifice of his own free time. "Duff" continued to experiment and to improve the methods of teaching drawing to high school students. Following his star, many of them became engrossed in this subject matter and would spend countless hours in our shops to develop patterns and drawings made under his supervision. Teaching never ended in his room nor in any place he frequented.

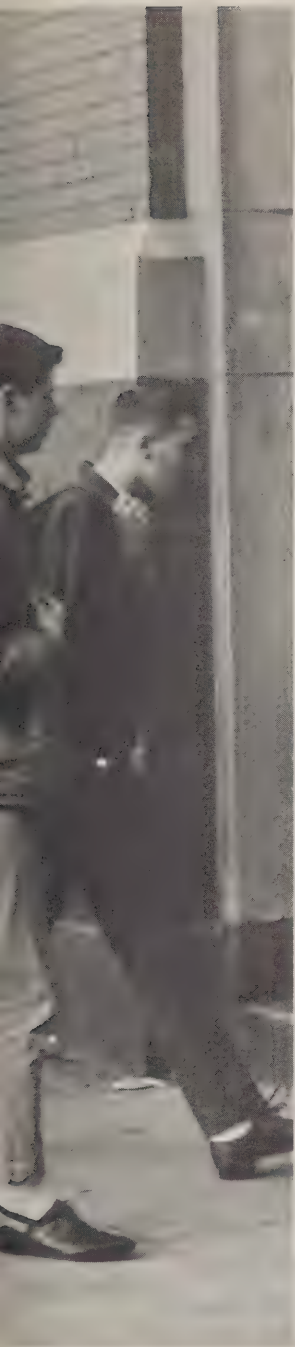

On August 12, 1964, the mortal trail of Orley Duffin ended. As along his life's path he was called at each turn for greater deeds, so was he called for his great reward.

A testimonial is a token of admiration and perhaps an obligation for services well rendered. Certainly we have admired this model teacher and more certainly the literal thousands of pencils of young men as they are marking today on their respective drawing boards all over this nation are in part obligated to him for guiding their first strokes. The community admires him for his loyalty to family and church. Our school is indebted to him for his ingenuity and his inspirational patterns.

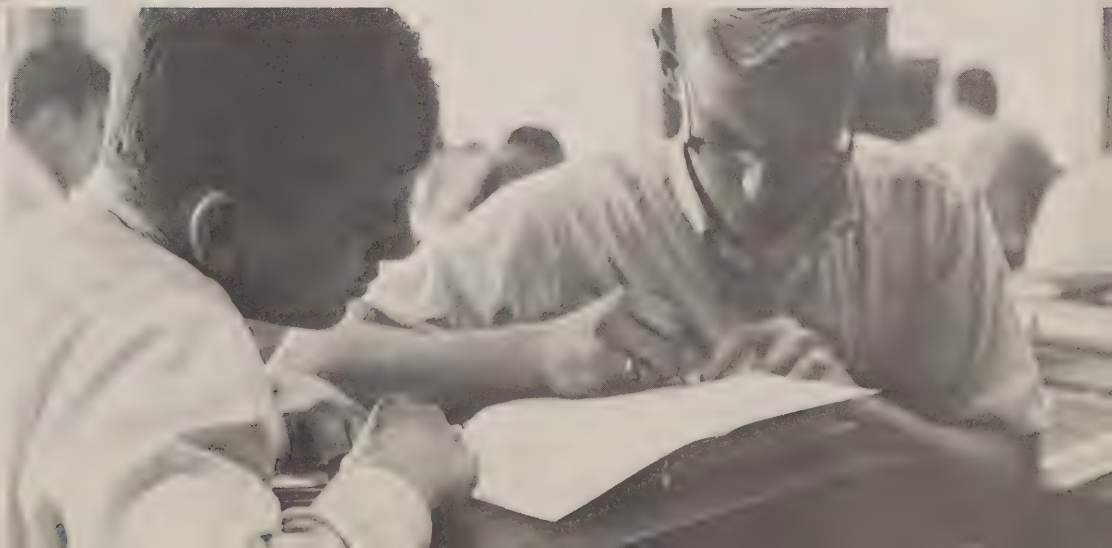

It was once said of a great baseball player, "He was a players' player." Without reservation it could be said of "Duff," "He was a teachers' teacher." Born to teach, may we rest assured that, as he sits at the celestial drawing table, his hand, his pencil, and his thoughts are still vital factors in shaping the destiny of Technical High School and its young men. His teaching trail has no end.

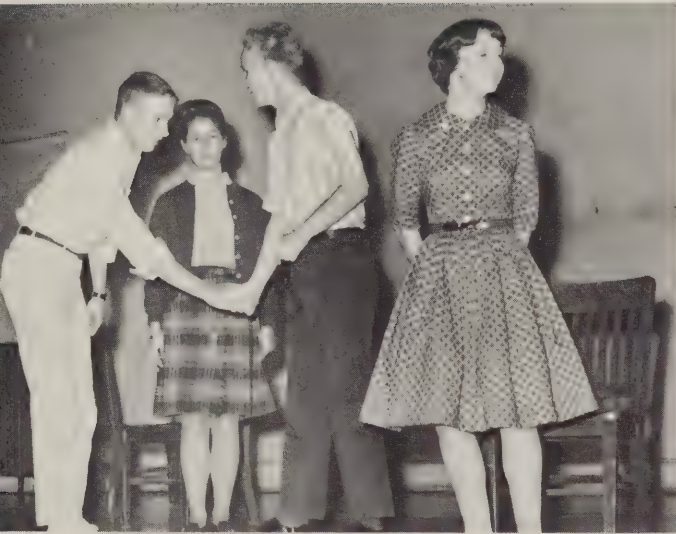

Action Behind the Scenes . . .

No matter what means of transportation Techites use, we still make it to school each day. Whether it be fighting for a seat on the much-over-crowded bus, riding on the back of a whizzing scooter, or finding a non-existent parking space for the jalopy, no one really minds. These hardships seem worth it all once in, safe from the masses outside. The time generously allowed before school is occupied in various ways. Some students roam the halls — especially the second floor — bothering teachers and attempting to complete homework from the previous night.

A school day at Tech is always bustling with activity. Besides being instructed seven periods a day, we also find time to meet and talk with our friends, and plan class and school events.

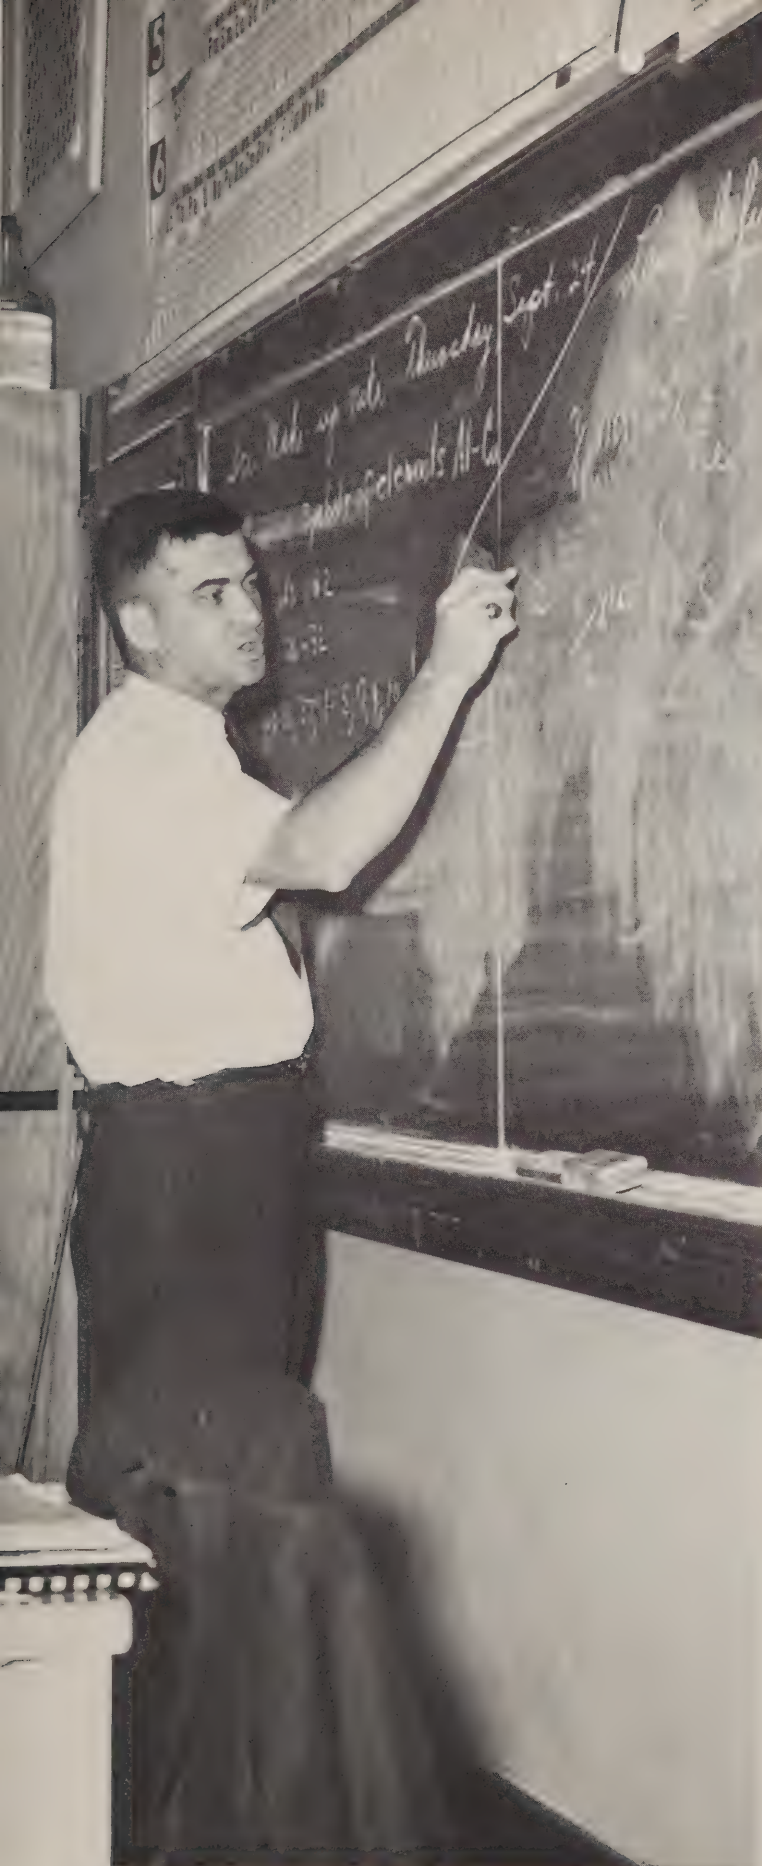

The evidence of our strong school spirit is shown in our efforts to support both academic and worthwhile activities. The knowledge we gain and the fun we have will play a tremendous role in the development of our personalities as good citizens and adults.

Tech's Math and Science departments are among the best in the city. These two subjects are taught by the most versatile teachers, who are always willing and able to come to the aid of their students.

Tech's Science Department is equipped with laboratories in which students, under the watchful eye of a qualified teacher, may perform experiments or look at slides under a microscope.

As the Science Department's importance in Tech ex-

pands, so does that of the Mathematics Department. Here students are taught the mechanics of college preparatory math as well as general math by an able teacher, who makes sure his students have learned and learned well. If these two departments did not exist at Tech, many of us would not have been able to obtain admission to the halls of higher learning to which we are going in future years.

After school, many Techites wander down the hill to Bennie's, where they drink coke with spoons and cause the usual disturbances, while others participate in the clubs and sports activities provided by the school. But whatever is done after school, later everyone ends up in his own little corner giving his book his undivided attention!

*Good Luck
Charlie. Remember to be a
football star*

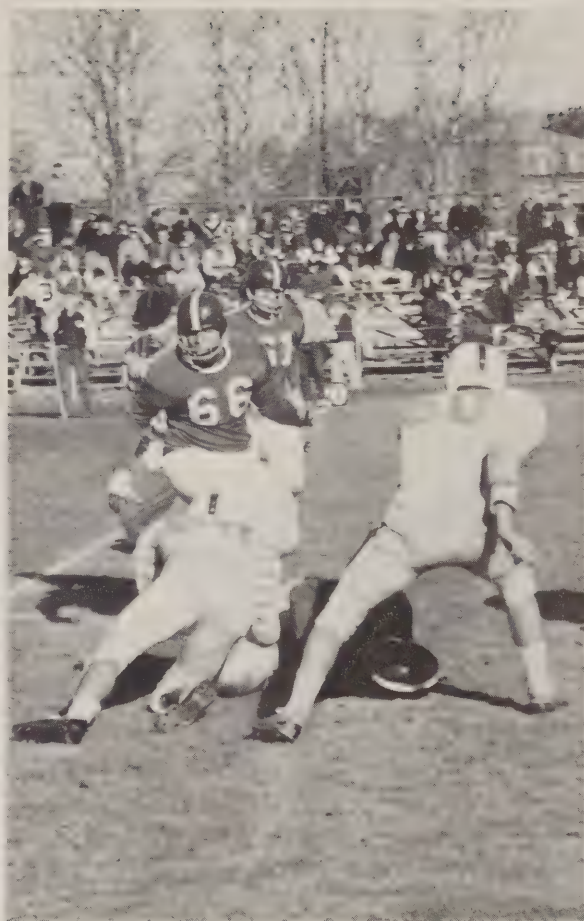

Tech Tantrums, one of the most eagerly anticipated events of the year, was the usual success. There was a great variety of talent displayed, from a guitar-playing folk singer to the girls' chorus line, which is an annual attraction. The black-outs, among the favorites in the show, provided rollicking amusement between acts. On both nights of Tantrums, Friday, February twelfth, and Saturday, the thirteenth, Tech's auditorium was filled to capacity.

"Victory, Victory," was the cry of all Techites on Saturday afternoons at the football games. We may not have won every time, but our spirit carried us through.

The orange and black of the cheerleaders' uniforms, the blare of the band, and the suspense during the game combined to make Saturday the most colorful and exciting day of the week. After the anticipated victory, unconceivable clamor from Techites was to be heard until the field and surrounding areas were cleared. Then the many roads leading home were jammed and noisy until the victory was known far and wide.

New Teachers

Mr. Savoia, Mrs. Sears, Mrs. Sambor, Mr. Gatchell, Mr. Cataldi.

A new addition to our mathematics department, Mr. Savoia is a graduate of American International College and Holy Cross College. He taught at Ludlow High for ten years before coming to Tech.

Mrs. Sears, a new addition to our English department, graduated from Radcliffe College in Cambridge, Massachusetts. Before coming to Tech, she taught at Agawmm High. Mrs. Sears has enjoyed her first year at Tech.

One of the new members of Tech's home economics department this year is Mrs. Betty Sambor. After receiving her degree from Western Illinois University, she taught in the Ware and Springfield school systems. After leaving teaching to raise her six children, Mrs. Sambor has returned to Tech to continue her career.

Mr. Gatchell, another recent addition to our mathematics faculty, graduated from the University of Massachusetts, and received his master's degree from Adelphi College and Westfield State College. Before coming to Tech, he taught on Long Island and at Classical Junior High School. Mr. Gatchell thinks that Tech is a very nice school.

Before entering the Springfield School System, Mr. Cataldi attended Boston University. A new addition to our physical education staff, he is assistant football coach and is in charge of the Track and Gymnastics teams. When asked his opinion of Tech, he said, "I am very impressed and happy with the school, faculty, and kids."

Retired Teachers

Mr. Al Johnson, a veteran Technical High teacher of twenty-three years, completed undergraduate training at Springfield College. He later went on to graduate work at Columbia University and obtained a Master of Arts degree there.

Beginning to teach in Springfield in 1931, he taught at Trade and Forest Park Junior High School. Mr. Johnson came to Tech in 1942 and has been a member of the History Department since his arrival.

Contributing greatest in the field of education, Mr. Johnson has been very influential in teacher organization. Some of the offices he has held in professional educational associations are Past-President of the Springfield Education Association, Past-President of the Massachusetts Teachers Association, and State Director of the National Education Association.

An avid golf enthusiast, Mr. Johnson has been coaching high school golf teams since his arrival in the Springfield school system. He has coached the Technical High golf team since 1942 to several Western Mass. titles, and on to a state championship. Mr. Johnson was recently honored at a testimonial given at the Oaks Banquet House by the many golfers he has coached, and friends. Young golf pros Bob Bontempo, Bucky O'Brien, and Ronnie Matson further honored Mr. Johnson with the presentation to the school of the "Al Johnson Trophy," which is presented annually to the most improved student golfer at Tech.

Ron Goldstein

On January 29, 1965, our school lost one of the best counselors Tech has ever had, Mr. David H. Reed. Tech will always be grateful to a man who really helped our school in many ways. Every one who is connected with Tech was very unhappy to see a good man leave.

Mr. Reid was born in Mingo Junction, Ohio. A few years later his family moved to Steubenville, Ohio, and then to Hamilton, Ontario, Canada. He attended Collegiate Preparatory School in Hamilton. At Springfield College, he received a B.S. degree. Mr. Reid obtained a Masters' Degree at the University of Massachusetts. His first job was being a Recreation Director at Massachusetts Mutual. Then he went to Central High School as a Physical Education teacher and a coach of football. Mr. Reid transferred to Commerce High School and taught Biology and Chemistry.

In 1943, Mr. Reid came to Technical High School to teach in our Chemistry Department. In 1954, he became a counselor. During the past years at Tech, Mr. Reid was the manager of Black Cat Fiesta, which was once held here annually. He was advisor for several graduating classes. He coached several Faculty Acts for Tech Tantrums. Throughout his stay at Tech, Mr. Reid managed and partially built many activities. While at Tech for the past twelve and a half years, he taught Chemistry. He has also helped and guided many boys on their way to a better and more prosperous future.

Mr. Reid is now managing a machine rental business in Agawam, Massachusetts.

Warner Achievement

The Charles F. Warner Achievement annual awards are sponsored by the Technical Alumni Association in honor of Tech's first principal, Charles F. Warner. The Warner Achievement Medals are the highest awards that can be presented to students at Technical High School. Two students are selected each year by thirty-five members of the student body and faculty on the basis of scholarship, citizenship, leadership, and personality.

Charles Fitchet

This year the boy chosen to receive the Warner Achievement Award is Charles Fitchet, son of Mr. and Mrs. William Fitchet of 11 California Avenue. Chuck ranks nineteenth in his class. Chuck is a three-year member of the Soccer team and this year was a tri-captain. He is a member of National Honor Society, Student Patrol, Varsity Club, and has participated in the Summer Science Program.

Nancy Broderick

The girl chosen to receive the Award this year is Nancy Broderick, daughter of Mr. and Mrs. James Broderick of 117 Cheyenne Road. Nancy ranks eleventh in a class of 678. She is treasurer of the Senior class, a member of the Student Council, and President of G.A.A. Nancy has participated in Math Club, Band, Spring Concert, Western Mass. Music Festival, and Tech Tantrums all three years at Tech. She is also a member of Future Teacher's Club, German Club, National Honor Society, and is an editor of Tech News.

Congratulations to both from the faculty and student body.

Bobo's

(buddy)

Barney "65"

On a hot, humid evening late in July the news spread across the city that a young athlete had passed away. Edward "Bobo" Harris was a victim of drowning at Five Mile Pond in Springfield Massachusetts. A whole city listened in sad unbelief. He died in the summer of 1964 as he was approaching stardom at his beloved Technical High School. Swiftly and painlessly he passed from a land of far horizons into a horizon without bounds.

The outpouring of opponents and teammates who paused to memorialize him was a Western Massachusetts sports call.

He was a commanding figure, a gracious, and good sport in defeat. He so contributed to a cleanliness, high purpose, and sportsmanship in athletics that his passing is a great loss to the world of sports. However, "Bobo's" death is a greater loss to the young society he mingled with and loved so much. The youth that appreciate the things that he stood for have lost a leader, a leader who was a symbol of fair play; a type of youthful leader that is hard to find.

I was impressed with his human qualities, his warm, friendly personality. He was always ready for the give-and-take of life—and willing to give more than he took.

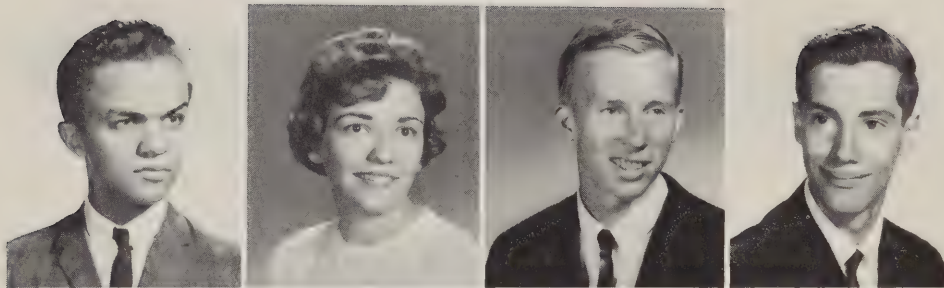

And so, at this time, let us pause for a moment—we who knew him best; his teachers, his classmates and his friends. Let us pay a final tribute to the memory of a fallen star. In life Technical High was his school. In death his spirit will permeate Tech's halls.

Class Will

We, the class of 1965, being of degenerate mind and dissipated body from both cranial and muscular overexertion, in the confident expectation that they will cherish these fragments of our three precarious years at Technical High School, do hereby and hereon, with lassitude and obeisance, unhesitatingly and explicitly will and bequeath to our most worthy successors the following memorabilia.

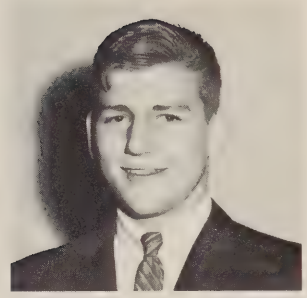

1. The boys of 205 leave Doc. Candon, withered, tired, and beaten, but still a great guy.
2. Karen Johnson and Ken Hayford leave Tech — together.
3. Betty Burgess leaves a rickety ladder and a blue wig to Mr. Hannigan.
4. Mary Ann Allen leaves one high C# and Mr. Murphy's crying towel to Sandy Dakers.
5. The class of '65 leaves a box of candy to the P.T.A.
6. Pete Irzyk leaves all his broken hockey sticks to Mr. Mason for his tomato garden.
7. Coral Paspatis leaves her eight foot locker to the next unsuspecting five foot freshman.
8. Roland Bisi leaves a full year's supply of coffee and doughnuts to Mr. Bushey.
9. Chipper Marchetti leaves his muscles to a needy freshman.
10. Peter Corbin leaves a broken E guitar string to Mr. Murphy.
11. Greg Penk leaves his Red Cross Queen's crown to some deserving junior.
12. Larry Cote leaves his beat blue Chevy to the United Can Company.
13. Joe Dupuis leaves his blessings and his cleats to Henry Thomas.
14. Janie Dahart leaves the work, worry, and frustration of her job to the next editor-in-chief of **Tech Tiger**.
15. Joe Ruscio leaves some used clarinet reeds to next year's band president.

16. Jan Ross leaves an old pair of majorette boots and termite-ridden stick to her successor as drum majorette.
17. Tom White leaves his stitches to next year's hockey team.
18. Danald Oliver leaves five boxes of "scientific" cats to Mr. Curran.
19. Tony Giancola leaves his empty head to Mrs. Tabackman.
20. Dan Wunch leaves his year's subscription to **Senior Scholastic** to Mr. Dunn.
21. The Scooter Twins leave a pair of mag wheels to next year's mad men.
22. Joanne Pula and Sandy True leave 5000 yellow-less paint boxes and 200 bristleless paint brushes to Mr. Fogue and all artless art students.
23. Bonnie McIntosh wills her Ouija board to the counselor's office to aid in future counseling.
24. Joyce Vancini wills her lolipop to anyone who wants to build a bird's nest.
25. The boys of '65 leave Walt Wolnik's senior rank to any junior who can match it.
26. Pete Podavini, Bob O'Connor, and Ken McKay leave a new leaf raker with 4000 movable pulleys connected to a wheel axle with 60 cogs to Mr. Snow to simplify his chores.
27. Jackie White leaves her time-tested, shop-worn senior hat samples to Miss Cormack.
28. Gary Villamaino leaves his only bow tie to Mr. Doyle.
29. The three conspirators, Paula Bilski, Terry DeBonee, and Pat Jaycox, leave the three Romans, Caesar, Cicero, and Virgil to Miss Huller with fond regrets.

Senior Log

As we look back on our three wonderful years at Tech, happy memories come to mind.

To lead us in our first year at Tech, we elected Larry Cote to serve as president, Mary Ann Allen to serve as vice-president, Barbara Chmielewski as secretary, and Kathi Evans as treasurer. That year the theme of our dance was "Magic Moments."

As juniors we elected Henry Marchetti to serve as president, Robert Shonak as vice-president, Pat O'Neill as secretary, and Kathy Evans as treasurer. Highlights of that year were our junior dance, "Moonlight Serenade," and "April in Paris," our junior prom.

In our senior year, Larry Cote took over as president. Assisting him were Bob Shonak, vice-president, Ginny Olson, secretary, and Nancy Broderick, treasurer. Our senior prom, which was very successful, nicely ended our three wonderful years at Tech.

Junior Log

The election of officers began our junior year. Carlton Gove was chosen to lead the class with Kathy Hottin assisting him as vice-president. Joan Trask was chosen to serve a second time as secretary, and Ronnie Goldstein was elected treasurer. Many events highlighted the year including the arrival of our class rings and our junior prom in April.

Although we enjoyed our junior year, we are eagerly looking ahead to next year when we will reign as seniors.

Our Freshman class of 1967 provided our school with much support and enthusiasm. We showed surprising success in the S.A. drive. There was a fine attendance at our spring dance in May, which is always a success.

Our class officers: Paul O'Connor, president; Chris Irzyk, vice-president; Karen Engly, secretary; and Cynthia Butler, treasurer led our class to a successful and enterprising year.

Class Advisors

ROW 1: Mrs. Jones, Mr. Nowak, Miss Shea. *ROW 2:* Mr. Reid, Mr. Bradstreet.

Science Fair

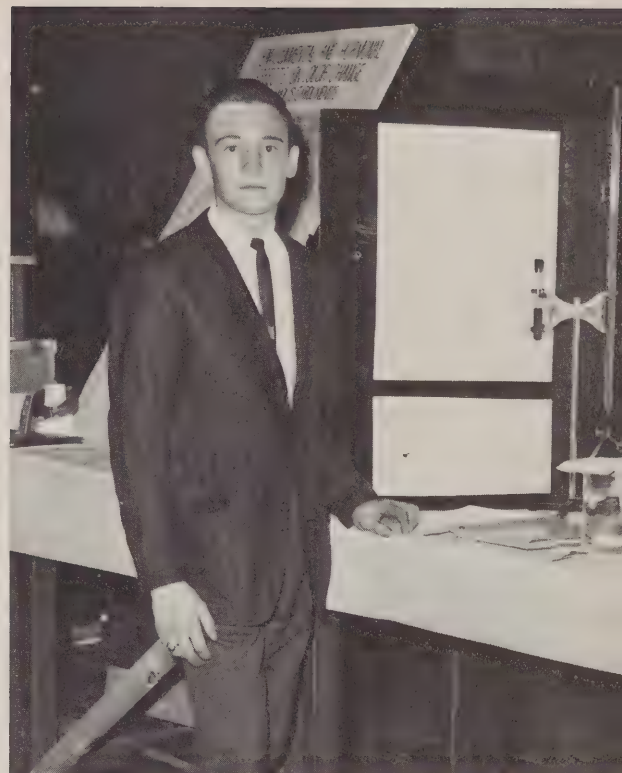

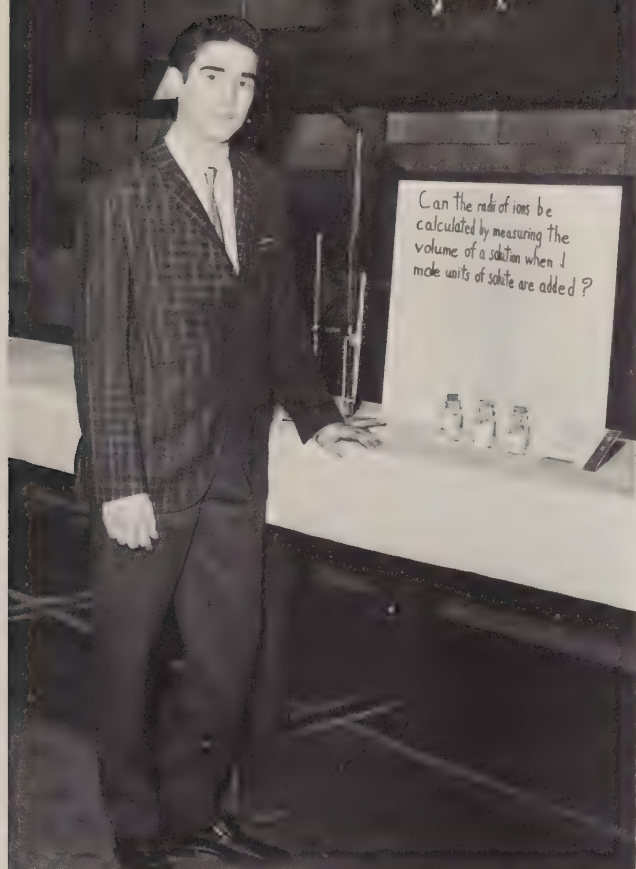

At the Fair of 1964, Mr. Russell Snow was chairman. The winners were selected to represent Tech at the Regional Science Fair, which took place at the University of Massachusetts, and the State Science Fair, which took place in Boston. First, second, and third prizes were awarded in each category with the exception of Math for which two were given. Senior Robert Vogel came in first in the Life Science section and won a special award from the Massachusetts Heart Association. Bruce Mahall placed second, Leonard Radin placed third. Honorable mention went to Rino Bartolo, James Stadnicki, Steve Biewba, and Theresa Threla.

In the Physics category Gerald Dragon placed

first, Neil Durkee placed second, and Robert Knowles placed third. Honorable mention went to Richard Carter, Joseph DeCarlo, John Sharrard, and Richard Sojka.

Paul Karp won first prize in the field of Chemistry. Placing second and third were, respectively, Niel Kitrosser, and Mike Charkiewicz. Honorable mention went to Harold Jordan.

In the field of Mathematics, James Smith placed first, and Michael Lynch second. Arthur Levy came in second for the electronic section with Mike Elea and James Vincent placing second and third respectively.

***Before you accept
that first job . . .***

***Look over
your
employer
as carefully
as he does
you***

What's the Company like anyway? Would I be proud to work there? Reputation for square dealing with employees? Pleasant surroundings?

Will I be working with others my own age? Are they friendly? Do they socialize after hours?

Will the boss be reasonable? Appreciate good, hard work, but won't explode if I make a mistake?

Will I make a decent week's pay? Have a chance for raises, advancement, more responsibility? How about fringe benefits?

Is the work challenging? I had what it takes to get through high school. Will they give me a chance to use my brains?

Note: Many young men and women in this area can answer "Yes" to these questions. They work for New England Telephone Company . . . New England's largest employer.

Why not talk with our employment interviewer soon . . . before you graduate? Ask your Guidance Counselor to tell you when and where to apply.

Insuring Peace of Mind

Many thoughtful persons make their wills, arrange pensions, annuities, and set up insurance programs in advance of need.

May we suggest it is also wise to prearrange funeral services.

A personal call at the Dickinson-Streeter office is treated in strictest confidence.

All questions about funeral requirements are answered; and, if advisable, complete arrangements can be made before the need arises.

We Need Your Head In Our Business

After more than 100 years of contribution to the joy of living and to the happiness and betterment of childhood through its production of toys, games and educational material, Milton Bradley Company looks forward to the future with confidence.

New and exciting things are happening these days in America's classrooms. The teaching profession knows that educating our children properly requires more than bricks and mortar for new school buildings. Progressive educators with imagination are pioneering and experimenting today with the results which could be the conventional curriculum of tomorrow.

Milton Bradley Company's objective lies in its ability to furnish the necessary tools to meet the demands for child training of the future.

'65 + 1'

Charles,

Now that the year is through, I wish that
it was just beginning. I've gone through a lot
to gether and I won't forget any of it. Some
of the fights have been completely unbelievable!
Really, though, we or at least I have had a lot
of fun this year with you. And I am
sure that it won't stop now. That is my one
big wish.

There are many wonderful things to
remember about this year but to me the
most important thing was the Senior Prom
— Can't say too much about the beach
the next day, but the prom was lovely!

May you always get the very
best of everything in life — as you
certainly deserve it.
Love always,
Elsie

P.S. Never forget the Cape or the
"little argument" at the
Jewish Community
Center!
